People often wonder if God really cares whether or not we sin. Would God really judge sin? Genesis chapters 6-9 tell about God's greatest judgment of sin. His perfect paradise creation had been ruined by the sin and violence of mankind. God, because he is holy and just, destroyed the earth through a worldwide flood.

Because God is loving and kind, He saved 8 people and at least 1 pair of every kind of animal. Be sure to find the hidden words in the Ark above. Afterwards, read this amazing account in the Bible for yourself (Genesis 6-9).
